

PA MUFON NEWSLETTER

February 1, 2008 Vol.1 No.2

Well with 2007 behind us, PA MUFON is ready for another exciting year.

Plans for Sky Watches and Mock training sessions on landings and sightings should commence in April as the weather starts to change for the better. We are still in need of Investigators in the Northeastern and Central Pennsylvania areas. Anyone interested in becoming a MUFON Field Investigator can contact www.mufon.com or visit the PA MUFON website at www.pamufon.com.

Some media notes of interest. England is opening their UFO Files to the public. They are to be released in February to the general public. The History Channel starts a new program in February called "The UFO HUNTERS", coming in February 2008, date and time to be announced.

We again this year are looking forward to educating the public on the UFO Phenomenon and attending as many UFO Conferences and Seminars as possible.

We have added a new look to our web page www.pamufon.com for 2008 hope everyone likes it.

To the group of new Field Investigators in training, again if there is anything we can assist you with please do not hesitate to email Investigators at mufon11555@dejazzd.com / mufon11528@epix.net / jaydonmoyer@comcast.com.

In 2007 PA MUFON, ranked 45th in the CMS Ranking Report, out of 46 reporting states. To date Jan. 10, 2008 we are ranked 8th. Thanks to everyone involved in making that possible.

The UFO Awareness Day format has been completed and a list of dates and times will be published in the March newsletter. Anyone wishing to assist at the Awareness Days can contact SSD Witkowski at butch221@dejazzd.com / mufon11555@dejazzd.com
